

- Track 1 - Music Introduction
- Track 2 - Ship's Log - The Full Advantage is parked in geostationary orbit above Shanghai Spaceport, waiting for Brad and Alex to return from the surface.
- Track 3 - Heat Sink - They sprint to Venus at the request of an important A.I. Ambassador. A chilly reception awaits them on a very hot planet.
- Track 4 - Aleph One - The Ambassador has shocking news on several fronts.
- Track 5 - Parallelogram - Giri Null insisted they visit an old acquaintance of his in a parallel universe, for reasons entirely unclear to all.
- Track 6 - Game Plan - Realizing they are pivotal figures in a power struggle between star systems, Brad and Alex try to understand their position as best they can.
- Track 7 - Rendezvous with Overdog - Planet Lithom is under siege by the Grefim. Solship Overdog is there to help them rescue Attos from his war torn city.
- Track 8 - Tokolosh & Devil's Pique - They cross paths with sinister ships of war. There is no reasoning with A.I.'s of this nature.
- Track 9 - Negotiations - Brad and Alex are pinned down in the lander on the surface of planet Grefim itself. Will they ever be allowed to leave after touching holy Grefim soil?
- Track 10 - Secret Ballot - The terms of the peace deal with Giri Null are announced. As always, the devil is in the details...
- Track 11 - The Face of Eternal Fire - Under armed escort to the Grefim star, their ultimate part in the peace deal is now abundantly clear, or is it?
- Track 12 - The Teslalites - They make contact with MARA. Are they in the hands of the fire, or those of a friend?
- Track 13 - Looking Back - The genius of Giri Null.
